

Cedar Wood Humidor

Cat. No.: 21452

Instruction Manual

This humidor is made of cedar wood and includes a thermo-hygrometer and a humidifier.

THERMO-HYGROMETER

- The thermo-hygrometer has a LCD display showing the box's inner temperature and humidity
- It is powered by 1x LR44 battery (included).

HUMIDIFIER

- The humidifier is attached to the wooden box lid by a magnet.
- It is designed to keep your cigars fresh, moist and fragrant.
- For best results, the humidity should be maintained in the level of 70%-80%.

To activate the humidifier:

- Remove the humidifier from the wooden box lid.
- Add the water (distilled water only) to the foam until it is saturated.
- Shake and wipe it dry, then put it back into the wooden box lid.

Note: Refill the humidifier with distilled water when humidity falls below 65% or your cigars will dry up.

DISPOSAL:

The packaging material is reusable. Dispose of the packaging in an environmentally friendly way by putting it in the appropriate recyclable waste collection containers.

Dispose of the product and the batteries in view of the environment if you want to separate. The device and the batteries must not be thrown in with domestic waste. Take them to a recycling center for used electrical and electronic devices. For more information you can consult your local government. Remove batteries first.
